At night, the hospital is like a completely different world.

The smell of disinfectants and sick patients from the day is gone.

The night puts all chaos to sleep and brings everything back to normal.

Patients stop groaning and sleep.

The doctors wash off the blood and return home.

An empty hall.

Clean operating room.

It's calm.

Everything that bothers me...

...is gone.

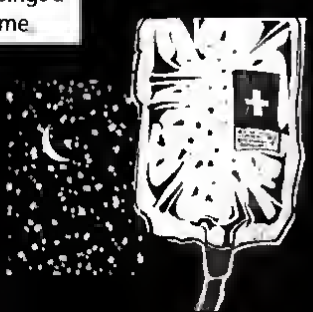
HOMESICK

- 03 -

When I close my eyes in the dark,

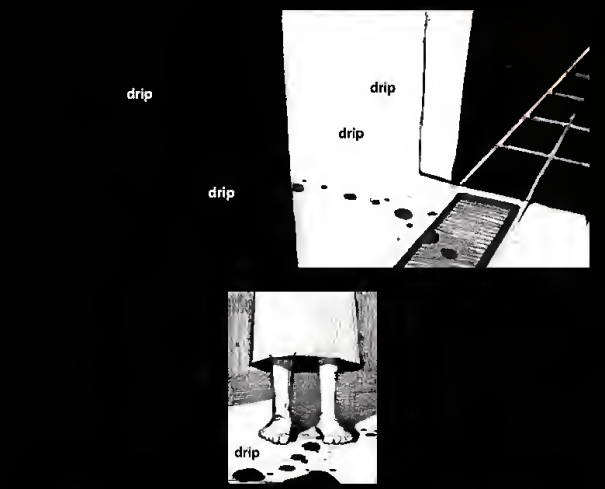
The darkness sings a lullaby for me.

Rock-a-bye baby...



On the tree top...
When the wind blows...
The cradle will rock...
When the bough breaks...
The cradle will fall...
And down will come baby, cradle and all...

If I...
...Send myself into the the darkness...
drip
drip
...Will the darkness send me to sleep?



drip
drip
drip
drip

drip

drip

The darkness

has arrived.
